Professionals Pick POPES

UPGRADE TO  
**'SKINABILITY'**

Iconic is based around a unique grid design, with a choice of three different ranges of skins that simply clip on. Once the grids have been installed by an electrician, it's easy for anyone to change the skins at any time. You simply clip off the existing skin and clip on the new design.

### Covid Cams

Being Covid Safe is no longer a sometime thing, it's an all the time thing. Avoid risk by letting the automated covid cameras do it for you. Both facial and temperature recognition.
